Subject: Caliper Bolts Improperly Torqued

Dear Ms. Miskelley:

This letter serves to acknowledge LCB Manufacturing's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

PITBULL/ROLL-OFF TRAILER/2017-2018

Mfr's Report Date: October 13, 2017

NHTSA Campaign Number: 17V-648

Components:

SERVICE BRAKES, AIR
SERVICE BRAKES, AIR:DISC:CALIPER

Potential Number of Units Affected: 4

Problem Description:

LBC Manufacturing (LCB) is recalling certain 2017-2018 Pitbull roll-off trailers, model numbers PB47 and PB40, manufactured with MPA/MTA suspensions equipped with Meritor EX225 brakes. The brake caliper bolts on these axles may not be properly torqued which can allow the caliper to detach from the mounting flange.

Consequence:

If the caliper bolts are improperly torqued and the caliper detaches from the mounting flange, a loss of braking ability would occur, increasing the risk of a crash.

Remedy:

LCB has notified owners, and dealers will inspect the bolts, replacing any loose or missing ones, free of charge. The recall began October 17, 2017. Owners may contact LCB customer service at 1-734-442-6202. LCB's number for this recall is 001PB.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Timian". The signature is fluid and cursive, with a long horizontal stroke at the end.
