**Subject:** Unintended Vehicle Movement

Dear Mr. Fronckowiak:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

FORD/F-150/2018

**Mfr's Report Date:** October 23, 2017

**NHTSA Campaign Number:** 17V-669

**Components:**

POWER TRAIN:AUTOMATIC TRANSMISSION:CONTROL MODULE (TCM, PCM)  
POWER TRAIN:AUTOMATIC TRANSMISSION:LEVER AND LINKAGE:COLUMN SHIFT

**Potential Number of Units Affected:** 12,429

**Problem Description:**

Ford Motor Company (Ford) is recalling certain 2018 F-150 vehicles equipped with a 3.3L engine, a 6-speed transmission and a column mounted shift lever. Quickly moving the shift lever from Park to Drive may cause a loss of gear indication on the instrument cluster display and a momentary selection of an unintended gear, such as Reverse or Neutral before the vehicle achieves Drive Function.

**Consequence:**

Unidentified or unintended gear selection may cause the vehicle to move in a way that was not intended by the driver, increasing the risk of crash or injury.

**Remedy:**

Ford will notify owners, and dealers will reprogram the powertrain control module, free of charge. The recall is expected to begin November 20, 2017. Owners may contact Ford Customer Service at 1-866-436-7332. Ford's number for this recall is 17S35.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

We have received Ford's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
