Dear Mr. Fisher:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

FOREST RIVER/PUMA/2018

**Mfr's Report Date:** November 6, 2017

**NHTSA Campaign Number:** 17V-699

**Components:**

EQUIPMENT:OTHER:LABELS

**Potential Number of Units Affected:** 8

**Problem Description:**

Forest River, Inc. (Forest River) is recalling certain 2018 Puma recreational trailers. The Federal Placards indicate incorrect tire load range and tire pressure (PSI) information. The placard states a tire size of ST205/75R15/D requiring 50PSI, however the installed tires are size ST205/75R15/C, requiring 65PSI. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 110, "Tire Selection and Rims," and they also fail to comply with the requirements of 49 CFR Part 567, "Certification."

**Consequence:**

The incorrect tire information can cause the operator to over-inflate the tires, which can cause premature tire failure, increasing the risk of a crash.

**Remedy:**

Forest River will notify owners, and dealers will install a corrected Federal Placard, free of charge. The recall is expected to begin January 2, 2018. Owners may contact Forest River Customer Service at 1-574-642-0588. Forest River's number for this recall is 425-0560.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

We have received Forest River's proposed owner notification letter and envelope and they are currently under review. You will be notified of any changes or concerns once our review is complete.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
