Mfr's Report Date: November 17, 2017

NHTSA Campaign Number: 17V-734

Components:
EQUIPMENT

Potential Number of Units Affected: 217

Problem Description:

REV Recreation Group (REV) is recalling certain 2009-2010 and 2012-2014 Holiday Rambler Ambassador, 2010 and 2013-2014 Endeavor, 2009-2010 Neptune, 2010 Scepter, and 2011 Trip diesel motorhomes, equipped with Kidde Plastic-Handle or Push Button 'Pindicator' Fire Extinguishers. These extinguishers may become clogged, preventing the extinguisher from discharging as expected or excessive force may be needed to activate the extinguisher. Additionally, in certain models, the nozzle may detach from the valve assembly with enough force that it could cause injury and also render the product inoperable. For a full list of the affected fire extinguisher models visit: <https://static.nhtsa.gov/odi/rcl/2017/RMISC-17E062-5427.pdf>

Consequence:

In the event of a fire, if the fire extinguisher does not function properly, it can increase the risk of injury.

Remedy:

REV will notify owners, and instruct them to contact Kidde for a replacement fire extinguisher, free of charge. The recall is expected to begin January 18, 2018. Owners may contact REV customer service at 1-800-509-3417, or Kidde customer service at 1-855-271-0773 or online at www.kidde.com and click on "Product Safety Recall" for more information.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received REV's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

We understand that you intend for Kidde to supply the required six quarterly recall completion rate reports.
