Mfr's Report Date: December 14, 2017

NHTSA Campaign Number: 17V-802

Components:

EQUIPMENT
UNKNOWN OR OTHER

Potential Number of Units Affected: 69

Problem Description:

REV Recreation Group (REV) is recalling certain 2018 Fleetwood Axon, Bounder, Flair, Southwind, Pace Arrow and Pace Arrow LXE motorhomes, and 2018 Holiday Rambler Navigator, Navigator XE, Reno, Vacationer, and Vacationer XE motorhomes. The satellite dish on these vehicles may detach from the roof while driving and become a road hazard.

Consequence:

If the satellite dish detaches from the roof while driving it can increase the risk of a crash or injury.

Remedy:

REV will notify owners, and dealers will resecure the satellite dish to the roof with a metal reinforcement, free of charge. The recall is expected to begin February 9, 2018. Owners may contact REV customer service at 1-800-509-3417. REV's number for this recall is 171208REV.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,
