Dear Mr. Cuzzocrea:

This letter serves to acknowledge Mobility Ventures LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

MOBILITY VENTURES/MV-1/2011-2016

**Mfr's Report Date:** December 20, 2017

**NHTSA Campaign Number:** 17V-836

**Components:**

SEATS

**Potential Number of Units Affected:** 5,207

**Problem Description:**

Mobility Ventures LLC (Mobility Ventures) is recalling certain 2011-2016 MV-1 vehicles. During a hard rear impact, the driver's seat-height adjustment assembly may disengage from the seat track and the fore/aft seat adjuster may be released, potentially causing the seat to disengage from the seat track.

**Consequence:**

If the driver's seat partially or fully disengages from the seat track in a rear-end crash, they have an increased risk of injury.

**Remedy:**

Mobility Ventures will notify owners, and dealers will install a seat track reinforcement kit, free of charge. The recall is expected to begin February 14, 2018. Owners may contact Mobility Ventures customer service at 1-877-681-3678. Mobility Ventures number for this recall is R1801.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please be reminded of the following requirements:

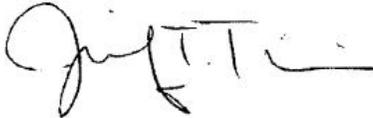

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
