**Description of the Cause :** NR

**Identification of Any Warning** NR  
**that can Occur :**

## Supplier Identification :

### Component Manufacturer

**Name :** NR

**Address :** NR

NR

**Country :** NR

**Chronology :**

February 2, 2017 was notified by our IT department during an Audit that they showed the information in our computer system was blank on several of these Sundance XLT FW units and therefor was concerned that the information would be missing on the label. began to research this to be sure there were no others that might also be missing. 2/7/17 brought to Safety committee and informed them we had several units that were missing the GVWR on the label and was an FMVSS requirement. advised to proceed with recall. 2/14/17 submitted recall notice.

**Description of Remedy :**

Description of Remedy Program : The manufacture will send replacement certification labels.

How Remedy Component Differs  
from Recalled Component : NR

Identify How/When Recall Condition  
was Corrected in Production : NR

**Recall Schedule :**

Description of Recall Schedule : No dealer notices were sent, we only sent owner notifications since there were only 3 affected trailers. Where possible we made direct contact by phone with follow up letter containing the label and instructions.
