NR

End : NR

 Not sequential**Description of Defect :**

Description of the Defect : Per Spartan, motor home chassis equipped with an independent front suspension supplied by Reyco Granning, the ball joints may be loose

FMVSS 1 : NR

FMVSS 2 : NR

Description of the Safety Risk : Per Spartan, If loose ball joints are not detected, they may eventually separate from their mating part. the result could be partial loss of steering control which could increase the risk of a crash.

Description of the Cause : NR

Identification of Any Warning that can Occur : Per Spartan, Prior to complete separation a mechanic can visually notice a gap between the ball joint seating flange , the mating component. In addition, the vehicle operator may notice a slight steering system misalignment or wandering, which can manifest in steering pull to one side or another.

Supplier Identification :**Component Manufacturer**

Name : Spartan Motors USA
Address : 1541 Reynolds Rd
Charlotte MICHIGAN 48813
Country : United States
