Description of Noncompliance :

Description of the Noncompliance :	Based on the Daimler AG (DAG) recall 17V364; the manufacturer of Mercedes-Benz SPRINTER vans, has determined that certain Mercedes-Benz SPRINTER vehicles might have been equipped with incorrect tire pressure labels on the B-pillar, showing a tire pressure which might be too low for the reinforced front axle.
FMVSS 1 :	567 - Certification
FMVSS 2 :	NR
Description of the Safety Risk :	Based on the Daimler AG (DAG) recall 17V364; as a consequence vehicles with a reinforced front axle may have tire pressure below specifications. The tire temperature of the affected vehicles in operation may increase and consequently damage to the tire over time cannot be ruled out. This could increase the risk of a crash.
Description of the Cause :	Based on the Daimler AG (DAG) recall 17V364; during the assembly process it is possible that the tire pressure labels for the vehicles with a reinforced front axle were mixed with the variants for other front axle configurations.
Identification of Any Warning that can Occur :	None provided

Chronology :

On August 7, 2017, Forest River's Office of Corporate Compliance (OCC) received a report from Daimler AG (DAG) of a potential issue involving the tire pressure labels having the incorrect information. Forest River

initiated an investigation including a review of the VINs provided by Daimler AG (DAG). On August 8, 2017 the OCC began to identify the vehicle that are involved and found vehicles in Forest River's control. On August 11, 2017 the OCC had then identified the vehicles that are not within the control of Forest River which are at dealerships and retail sold.

On Friday, August 18, 2017, Forest River's Corporate Committee will be made aware of the pass-through recall to address this issue.

Description of Remedy :

Description of Remedy Program :	Based on the Daimler AG (DAG) recall 17V364; an authorized Mercedes-Benz or Freightliner Sprinter dealer will check and replace the tire pressure label if necessary. The correct tire inflation pressure of the affected vehicles will also be ensured. Pursuant to 49 C.F.R. § 577.11(e), Daimler Vans does not plan to provide notice about pre-notice reimbursement to owners since all involved vehicles remain covered under the new vehicle warranty. Customer Service: (854) 888-3214
How Remedy Component Differs from Recalled Component :	None provided
Identify How/When Recall Condition was Corrected in Production :	None provided

Recall Schedule :

Description of Recall Schedule :	Forest River has the utmost urgency in our recalls. Forest River will send suspected VIN numbers to our third party vendor that is licensed to pull data on the current owner of the vehicles (as needed) once a formal NHTSA I.D. is provided. Forest River intends on pushing the mailing out as soon as NHTSA provides any correction(s) and an Acknowledgement Letter.
