**Identification of Any Warning** None  
**that can Occur :**

**Supplier Identification :**

**Component Manufacturer**

Name : NR  
Address : NR  
NR  
Country : NR

**Chronology :**

10/10/2017- A 241RKS Model was processed through KZ PDI department. It was discovered that the proper GFCI outlet was not installed in the outside kitchen compartment.  
10/11/2017 – All inventory is checked for the proper outlet type. Safety committee meeting held where subject is reviewed. Decision is made for all yard inventory and production units in the system to equip with GFCI protection until code compliance is verified.  
10/12/2017- All stock inventory is remedied with GFCI outlets in the outside kitchen compartment,  
10/20/2017- A review is completed by code compliance and the need for GFCI is confirmed.  
10/27/2017 – Safety Committee meets and issues a safety recall.

**Description of Remedy :**

Description of Remedy Program : The outside kitchen outlet will be replaced with a GFCI outlet. This will be done at no cost to the owner.  
How Remedy Component Differs from Recalled Component : The correct outlet is a GFCI.  
Identify How/When Recall Condition was Corrected in Production : On 10/12/17, all production units were remedied and production was corrected going forward.

**Recall Schedule :**

Description of Recall Schedule : KZ RV will notify the dealers and owners of the recreational vehicles by letter. A final copy of the owner letter will be provided to NHTSA, along with the dealer repair procedures.  
Planned Dealer Notification Date : DEC 22, 2017 - DEC 22, 2017
