Description of the Noncompliance : On certain 2018 model 19FMB [GV]Gulf Breeze and [SG] Geo, Travel trailers manufactured by Gulf Stream Coach, Inc. ("Gulfstream") the Recreational Vehicle Data Sheet. (Certification Weight Label) does not contain the correct information with regards to the number of axles installed on the trailer.

FMVSS 1 : 567 - Certification

FMVSS 2 : NR

Description of the Safety Risk : There is no safety risk contributed to this Recall with regards to the information within the applied Federal Weight Label with regards to GAWR Front Axle, Tire, Rim Size and Recommended Tire Pressure. The error as stated shows Duplicate information on the incorrect labels as applied to the "Rear Axle" which is not available on this model.

Description of the Cause : The information regarding the trailers GAWR Front Axle, Tire, Rim Size and Recommended Tire Pressure was inadvertently duplicated on the label as "Rear" axle information when this model trailer has only one axle. ["Front"] The formula used in the Federal Weight Label database was written in such a manner as to duplicate the Front Axle information to include the Rear Axle information line, and was not originally identified with this model when recent tire size [Radial] information was added to the new database.
