Subject: **STOP SALE – Accessory LED Turn Signals**

### **STOP SALE – Accessory LED Turn Signals**

Please note, that effective immediately the below part numbers are no longer available. The dealer accessory turns signals do not conform to Federal requirements. Affected motorcycles (when equipped with the accessory turn signals), may be less noticeable to drivers of approaching vehicles which could increase the risk of a crash.

Please stop the sale of all the listed parts. Further instructions regarding the return of dealer inventory and the replacement of the turn signals on customer bikes will be sent out as it becomes available.

Used bikes in inventory equipped with the affected turn signals must have the signals removed before you can legally retail any used vehicle.

#### **NHTSA Statement**

Please be reminded that it is a violation of federal law (The Safety Act) for you to sell or deliver any new motor vehicles covered by this notification. This also means that centers may not legally sell or deliver new motor vehicle parts to consumers subject to this recall. Note also that substantial civil penalties apply to violations of the Safety Act.

Thanks,
