Subject: Safety Recall 17v-008

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Heartland RV ("Heartland") has decided that certain Travel Trailers do not conform to 49 CFR Part 567 – Certification, and Federal Motor Vehicle Safety Standard 110 – "Tire Selection". On the vehicles subject to this recall, the Federal Certification Label and Tire Placard may contain incorrect Tire information. We apologize for any inconvenience this action may cause you, however your safety and continued satisfaction are of the utmost importance to us.

***Reason for
this recall***

It has been decided that the travel trailers subject to this recall campaign may contain incorrect Tire information listed on the certification label, due to a clerical error. Although the information on the vehicle labels may be incorrect, tires of the correct size and rating were installed on your trailer. If a trailer is labeled incorrectly, the potential for improper inflation of the existing tires exists. Under inflation could result in overloading of the trailer tires which could result in poor handling and increased risk of an accident.

***What we
will do***

Heartland will have an authorized dealer or repair center replace the Federal Certification Label and Tire Placard. This will be corrected at no expense to you, the owner.

If you have questions concerning this recall or if you need any assistance please contact the **Warranty/Service Department** by email at 'parts@heartlandrvs.com', or by phone at 877-262-8032.
