

June 27, 2018

Attention: All Mazda Dealership General, Service, and Parts Managers

Subject: Takata Safety Recall update for 9416E, 0617A, 2018A affecting the Mazda RX-8

Due to a delay in the parts validation for RX-8 models, the subject recalls will remain open only for RX-8 until further notice. Parts ordering for the above recalls will resume on Friday June 28, 2018 for all RX-8 vehicles and warranty claims will continue to be accepted. Mazda6, Mazdaspeed6, and MPV vehicles to be launched under Safety Recall 2618F are NOT affected. However, owner letter mailings will begin July 6, 2018 instead of June 29, 2018.

If your dealership has any open MRAs for part number F1Z1-57-K80 please hold onto these kits as repairs and parts ordering will resume on Friday. Additionally, on the MRA paperwork you will need to cross-out the line for the F1Z1-57-K80 return.

The scheduled Recall 2618F recall launch for RX-8 vehicles will occur at a later date and will be communicated at that time.

We apologize for any inconvenience this recall may cause you and your customers. Your understanding and support in carrying out this recall campaign are greatly appreciated.

Safety Matters. Your Safety is Important to Mazda.

Sincerely,

A handwritten signature in black ink, appearing to read 'A. Ikemoto'.
