Subject: Upcoming Safety Recall 17036 - Update
Passenger Presence System
Customer Advisory Letter Mailing

Models: 2006-2010 Pontiac Solstice
2007-2010 Saturn SKY

To: All General Motors Dealers

On January 26, 2017, General Motors dealers were advised via GM GlobalConnect of upcoming safety recall 17036. This product field action involves certain 2006-2010 model year Pontiac Solstice and 2007-2010 model year Saturn SKY vehicles.

As required by the National Highway Traffic Safety Agency (NHTSA), GM will begin notifying involved customers of this safety recall on March 20, 2017. This letter will advise customers that parts are not currently available and that they will receive another letter when parts become available. A copy of the letter is attached to this message.

Until the recall bulletin is released, the Investigate Vehicle History (IVH) screen in Global Warranty Management (GWM) system will display "N/A" under Release Date and "Incomplete – Remedy not yet available" message under Status. This means the required repair is not yet available and dealers should not attempt to perform any repairs.
