March 2017

IMPORTANT SAFETY RECALL
NHTSA Recall Campaign # 17V-066

Dear Valued Dealer:

This notice is sent to you in accordance of the National Traffic and Motor Vehicle Safety Act.

Jayco has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2017 Seismic and Seismic Wave fifth wheels. The breakaway switch may not be properly wired. If the breakaway switch does not function correctly due to the improper wiring and the trailer disconnects from the tow vehicle during transit, the fifth wheel brakes will not automatically apply, increasing the risk of a crash.

The remedy is to correct the wiring to the breakaway switch. Our records show the following unit is affected by this recall and is currently part of the inventory at your dealership. The Recall Remedy must be performed on this unit *prior* to being sold:

Serial Number Listing

Dealer Campaign Responsibility

Federal law requires that all units in your inventory be repaired prior to delivery to a customer. If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. In addition, please register the unit by submitting the Warranty Registration information to Jayco.

If you have any questions, please contact Jayco Customer Service 800-283-8267 for further instructions.

We apologize for any inconvenience this may cause. However, we have taken this action in the interest of our customer's safety and continued satisfaction with their Jayco fifth wheel.

Sincerely,
Jayco
