Safety Recall T03 - Claim Processing Tip

Published 04/04/2017 02:47 PM | Updated 04/11/2017 02:45 PM | Answer ID
2648

How do I request reimbursement for 06508295AA Bolt (M10x1.50x25.00) Recall
T03?

When submitting the T03 Recall claim, part **06508295AA** - Bolt (M10x1.50x25.00) should be entered as a
Quantity (8).

Claims that were previously reimbursed at an incorrect amount can be corrected by submitting a Part (P) Type
Continuation Claim for the difference.

Please refer to the T03 Dealer Service Instructions for complete details.
