***** Campaign Summary *****

Nissan is conducting a voluntary safety recall campaign to install a new passenger air bag module on specific MY2017 Nissan Versa Note (E12) and Versa Sedan (N17) vehicles. Due to a supplier manufacturing error, which has since been corrected, certain front passenger air bags may have been manufactured outside of Nissan specifications. In rare cases, this may lead to improper air bag deployment in the event of a crash, which can increase the risk of injury to the front seat occupant.

Note: This recall is not related to the Takata Air Bag Inflator Recall.
