Subject: Advance Notice – Compliance Recall 51F5 – Safety Certification Label
Certain 2015 MY Audi A3

Audi has notified NHTSA and Transport Canada about the upcoming safety recall described in this letter.

CODE	51F5
AFFECTED VEHICLES	Certain 2015 MY Audi A3
RECALL DESCRIPTION	The safety certification label has an incorrect vehicle production date (month/year) printed on it. This makes the label non-compliant with regulatory requirements.
CORRECTIVE ACTION	Repair information will be provided to dealers when parts and repair instructions become available to support this recall. Dealers will install an overlay label containing the correct vehicle production date. This will be performed at no charge to customers.

IMPORTANT REMINDER ON VEHICLES AFFECTED BY SAFETY & COMPLIANCE RECALLS

New Vehicles in Dealer Inventory: It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. By law, dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Federal Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety.

Pre-Owned Vehicles in Dealer Inventory: Dealers should not deliver any pre-owned vehicles in their inventory which are involved in a safety or compliance recall until the defect has been remedied.

If you have any questions or require additional assistance, please contact Warranty. As always, any press inquiries should be directed to Audi Public Relations.
