Subject: Safety Recall 17v-325  
VIN #'s

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Bison Coach LLC ("Bison") has decided that certain Travel Trailers do not conform to 49 CFR Part 567 – Certification. On the vehicles subject to this recall, the Federal Certification Label may contain incorrect Gross Axle Weight information (GAWR). We apologize for any inconvenience this action may cause you, however your safety and continued satisfaction are of the utmost importance to us.

***Reason for this recall***

It has been decided that the travel trailers subject to this recall campaign may contain incorrect Gross Axle Weight Rating information listed on the certification label due to a clerical error. Although the information on the vehicle label may be incorrect, tires and axles of the correct size and rating were installed on the trailer.. If a trailer is labeled incorrectly, the potential for improper loading of the existing tires exists. Overloading of the trailer tires could result in poor handling and increased risk of an accident.

***What we will do***

Bison has included the labels with this letter to the consumer along with instruction on how to replace the label. If the consumer does not wish to complete this themselves Bison will have an authorized dealer or repair center replace the Federal Certification Labels. This will be corrected at no expense to the Consumer.

If you have questions concerning this recall or if you need any assistance please contact the **Warranty/Service Department** by mail at Bison warranty department, 1002 N. Old SR 15, Milford, IN 46542 or by phone at 574-658-4161.
