

Important Recall 163 Information

Date: July 12, 2017

Attn: Dealer Principal/General Manager/Service Manager/Parts Manager

Subject: Recall 163: Santa Fe and Santa Fe Sport Secondary Latch Cable (TSB #17-01-050)

*****IMPORTANT Dealer Stock and Retail Vehicles*****

As required by federal law, dealers must not deliver new vehicles for sale or for lease to customers until all open recalls have been performed. Dealers must also perform all open recalls on used vehicles, demo and rental vehicles prior to placing them into customer use and whenever an affected vehicle is in the shop for any maintenance or repair.

Affected Vehicles

Hyundai has launched a safety recall in the United States to replace the secondary latch cable on:

- Certain Model Year 2013 through 2017 Hyundai Santa Fe Sport vehicles
- Certain Model Year 2013 through 2017 Hyundai Santa Fe vehicles

Description

The subject vehicles are equipped with a secondary hood latch. The cable between the actuating lever for the secondary hood latch and the secondary latch may become corroded over time and cause the secondary latch to remain in the open position when the hood is closed. If the hood is not securely closed or the primary hood latch is released while driving, the hood may open. The hood will not open if the primary latch is securely latched.

Parts

- An initial shipment of parts will begin shipping the week of 07/10/2017 to all dealers.
- Additional parts can be ordered through the normal parts ordering process in WebDCS after the initial shipment. Refer to the Technical Service Bulletin (TSB) #17-01-050 for additional parts details.

Service Action

- The Technical Service Bulletin (TSB) #17-01-050 was published 07/12/17, and describes the service procedure to replace the secondary latch cable.
- Affected VINs are posted on WebDCS> Service Tab> Uncompleted Campaign VIN Listing –Dealer Stock and Retailed. Dealers may use owner information provided for the purpose of conducting and performing this recall campaign, and for no other purpose.
- Refer to the below Customer FAQ section.

Customer Notification

Hyundai will notify all owners of the vehicles described above to return their vehicles to their Hyundai dealers for repair. Customer notification letters of the recall are scheduled to be mailed beginning in mid-July, 2017. In the meantime, customers should insure their hood is securely latched before driving their vehicle.

Thank you for your prompt attention to this important safety matter and continued commitment to taking care of Hyundai customers.

Hyundai Motor America

Customer FAQ

Q1: What is the issue?

A1: The subject vehicles are equipped with a secondary hood latch. The cable between the actuating lever for the secondary hood latch and the secondary latch may become corroded over time and cause the secondary latch to remain in the open position when the hood is closed. If the hood is not securely closed or the primary hood latch is released while driving, the hood may open and obscure the driver's vision, increasing the risk of a crash.

If the hood is properly closed and is not opened while driving, there is no safety risk.

Q2: What will be done during the recall service at the dealer?

A2: Hyundai will notify all owners of affected vehicles by first class mail to return to their Hyundai dealer to replace the secondary latch cable.

Q3: Should customers have their Santa Fe inspected at their local dealer to make sure the cars are safe?

A3: Yes. As always, customers should ensure their hood is securely latched before driving their vehicle. Customers will receive written notification of the recall by first class mail.

Q4: When will owners be notified?

A4: Owners will be mailed notification letters beginning in mid-July, 2017.

Q5: Can the recall service be performed now? (prior to receiving notice)

A5: Customers that are currently experiencing a concern related to this recall should contact their Hyundai dealer to schedule a service appointment. As always, customers should ensure their hood is securely latched before driving their vehicle.
