Subject	OUTREACH UPDATE-Safety Recall:07-11 CR-V Pass. Airbag w/ Incorrect Wire Harness
----------------	---

DATE: July 7, 2017

TO: All Honda Sales, Service & Parts Managers and Personnel

FROM: Brad Ortloff, Manager of Auto Campaigns and Recalls

RE: **OUTREACH UPDATE-Stop Sale/Safety Recall: 2007-2011 CR-V Passenger Airbag with Incorrect Wire Harness**

On June 29, 2017, American Honda notified NHTSA of a **Stop Sale** and **Safety Recall** for certain model year 2007-2011

CR-V vehicles for concerns related to replacement front passenger airbag inflator kits that may have been installed using an incorrect wire harness. **Any used units in dealer stock must be inspected and, if necessary, repaired per service bulletin 17-056, Safety Recall: CR-V Airbag Inflator Harness.** Refer to your eResponsibility report or VIN inquiry to determine which units in your inventory are affected.

Parts

Parts to repair vehicles are available via controlled part order as of Friday, June 30, 2017.

Customer Notification-UPDATE

American Honda Customer Support & Campaign Center will begin calling customers to schedule appointments for this inspection starting July 10, 2017.

We appreciate everyone's continued support and efforts remedying this recall as soon as possible.
