July 2017

IMPORTANT SAFETY RECALL
NHTSA Recall Campaign # 17V-422

Dear Valued Dealer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Jayco has determined that certain 2017 Hummingbird Travel Trailers fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 110, "Tire selection and rims and motor home/recreation vehicle trailer load carrying capacity information for motor vehicles with a GVWR of 4,536 kilograms (10,000 pounds) or less". The tire range and PSI are incorrectly noted as ST205/75R14D with PSI of 65 when the correct tire range and PSI of tires on the travel trailer is ST205/75R14C with PSI of 50. The incorrect information on the labels may lead to over inflating of tires, which could increase the risk of a crash, causing personal injury or property damage.

The remedy is replacement of the current Federal Certification and Tire Label and the CSA Data Sheet (when applicable) with the correct label showing tire size as ST205/75R14C with PSI of 50. The corrected labels are included with this notification.

Our records show the following unit is affected by this Recall and must have the corrected labels placed on the unit prior to leaving your Dealership.

UNIT SERIAL NUMBER

Dealer Campaign Responsibility

Federal law requires that all units in your inventory be repaired prior to delivery to a customer. If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. In addition, please register the unit by submitting the Warranty Registration information to Jayco.

If you have any questions, please contact Jayco Customer Service at 800-283-8267 for further instructions.

We certainly regret this inconvenience; however your safety is our most important priority.

Sincerely,
Jayco Towable Division
