July 2017

**IMPORTANT SAFETY RECALL**  
**NHTSA Recall Campaign # 17V-422**

Dear Valued Dealer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Jayco has determined that certain 2018 Jay Flight SLX Travel Trailers manufactured at the Idaho production facility, fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 110, "Tire selection and rims and motor home/recreation vehicle trailer load carrying capacity information for motor vehicles with a GVWR of 4,536 kilograms (10,000 pounds) or less".

Due to error when calculating the weight of the trailer, the affected travel trailers, have incorrect information printed on the Cargo Carrying Capacity (CCC) Label and Canadian Weight Label. The weight of the water tank and water required in the calculation was omitted. This error creates a possibility that the vehicle could be loaded to the incorrect labels; and resulting in the vehicle being overloaded, exceeding the Gross Vehicle Weight Rating. Overloading may lead to issues with drivability and/or premature tire wear and tire failure, increasing the risk of personal injury or property damage.

Our records show the following unit is affected by this Recall and must have the corrected labels placed on the unit **prior** to leaving your Dealership.

**UNIT SERIAL NUMBER**

**Dealer Campaign Responsibility**

**Federal law** requires that all units in your inventory be repaired prior to delivery to a customer. **If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. In addition, please register the unit by submitting the Warranty Registration information to Jayco.**

If you have any questions, please contact Jayco Customer Service at 800-283-8267 for further instructions.

We certainly regret this inconvenience; however our Customer's safety is our most important priority.

Sincerely,  
Jayco Towable Division
