**IMPORTANT – VEHICLE SAFETY RECALL DISTRIBUTOR NOTIFICATION:**

**NHTSA Recall**                      **17V-515**  
**Transport Canada Recall**      **2017448**

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

**DEFECT OR NONCOMPLIANCE INVOLVED:**

**Iowa Mold Tooling Company, Inc. (IMT)** has decided that a defect which relates to motor vehicle safety exists in some IMT Dominator-Contractor Series mounted on model year 2017 Ford Super Duty chassis.

IMT has identified that certain configurations of the model include a front jump start plug kit installed under the hood at the chassis battery. The fuse block for this kit may contact the hood creating an electrical short. The kit has a specific part number that was included in the bill of material of certain production jobs and installed on model year 2017 Ford Super Duty chassis manufactured between October 11, 2016 and August 11, 2017.

Affected units will be repaired by your service technicians or by the customer's service technicians at no cost to the owner. The repairs should take approximately 0.5 hour. Attached, is the IMT order form which you must use to order the repair part(s) and the work instructions. IMT is contacting owners of record to notify them of the recall. Distributors will need to contact customers you sold vehicles to arrange for repairs. The repair consists of removal or modification to the jump start kit. Any owners who may have completed the repair prior to this recall campaign will be reimbursed for labor involved in the repair, per the guidelines in the TB.

**VEHICLES INVOLVED:**

The vehicles involved are model year 2016 and 2017 IMT Dominator-Contractor Series manufactured between October 11, 2016 and August 11, 2017 and mounted on model year 2017 Ford Super Duty chassis. **Distributor specific affected unit list is enclosed.**

Distributors must contact customers who purchased these products to inform them of the recall and arrange for repairs.

**DISTRIBUTOR RESPONSIBILITY:**

**Please be reminded that it is a violation of Federal law for you to sell or lease any IMT crane models covered by this notification until this recall has been performed on these units. Substantial civil penalties apply to violations of this law.**

It is the distributor's responsibility to contact any owners on the attached list and to support service for this remedy. Make sure the customer is aware the remedy will be performed without charge.

**REMEDY SERVICE INSTRUCTIONS:**

IMT Technical Bulletin TB2017006 will be included with each parts kit.

Sincerely,

Iowa Mold Tooling, Inc.
