

Important Recall 167 Information

Date: October 12, 2017

Attn: Dealer Principal/General Manager/Service Manager/Parts Manager

Subject: Recall 167: 2018 Santa Fe Sport Front Coil Springs (TSB #17-01-060)

IMPORTANT Dealer Stock and Retail Vehicles

As required by federal law, dealers must not deliver new vehicles for sale or for lease to customers until all open recalls have been performed. Dealers should also perform all open recalls on used vehicles, demo and rental vehicles prior to placing them into customer use and whenever an affected vehicle is in the shop for any maintenance or repair.

Affected Vehicles

Hyundai has launched a safety recall in the United States to replace the front coil springs in certain Model year 2018 Santa Fe Sport vehicles produced by Hyundai Motor Manufacturing Alabama and Kia Motor Manufacturing Georgia beginning on August 25, 2017 through September 6, 2017.

1% of the 2018 Santa Fe Sport vehicles in dealer inventory are affected by this recall.

Description

The Hyundai Santa Fe Sport may contain improperly manufactured front coil springs which could fracture under certain loads while driving. In limited instances, a fractured coil spring can potentially contact and puncture the tire while driving. Driving with a punctured tire could result in a loss of vehicle control and increase the risk of a crash.

Parts

- A supply of front coil springs will be shipped on 10/12/17 to dealers with affected vehicles in Dealer Stock to cover those vehicles (qty. 2 springs per vehicle).

Service Action

- The Technical Service Bulletin (TSB) #17-01-060 was published 10/12/17, and describes the service procedure to replace the front coil springs.
- Check your dealership's affected VIN list in WebDCS under the Service tab > Uncompleted Campaign VIN List. Vehicles not identified as impacted by an open recall can be immediately released for sale.
- Refer to the below Customer FAQ.

Customer Notification

This recall has been posted to the NHTSA website, and you may receive phone calls from customers with questions regarding this matter. Vehicles affected by this recall are in Dealer Stock.

Thank you for your prompt attention to this important safety matter and continued commitment to taking care of Hyundai customers.

Hyundai Motor America

Customer FAQ

Q1: What is the problem?

A1: The subject vehicles may contain improperly manufactured front coil springs which could fracture under certain loads while driving.

In limited instances, a fractured coil spring can potentially contact and puncture the tire while driving. Driving with a punctured tire could result in a loss of vehicle control and increase the risk of a crash.

Q2: How was this discovered?

A2: This condition was discovered at the vehicle assembly plant.

Q3: Have there been any accidents?

A3: Hyundai is not aware of any field complaints related to coil springs on the affected vehicles.

Q4: What is done during the recall service?

A4: Hyundai dealers will replace the coil springs in the affected vehicles. This procedure will be performed at no charge.

Q5: How long will it take for the recall service?

A5: The repair procedure should take no longer than 3 hours.

Q6: Will owners be notified?

A6: Vehicles affected by this recall are in Dealer Stock. Dealers must not deliver new vehicles for sale or for lease to customers until all open recalls have been performed.
