**AFFECTED VEHICLES**

Vehicle	Model Year	Assembly Plant	Build Dates

		Kansas City	November 4, 2016 through November 7, 2016

**NOTE:** This recall affects a total of 39 F-150 and 590 F-Super Duty vehicles.

**REASON FOR THIS COMPLIANCE RECALL**

Some of the affected vehicles may not conform to the requirements specified by Federal Motor Vehicle Safety Standard (FMVSS) No.207 Seating Systems General Performance Requirements and No.210 Seat Belt Assembly Anchorages due to insufficient strength of the passenger seat belt buckle bracket weld to the seat track assembly. A seat belt buckle weld with insufficient strength may not properly restrain an occupant in the event of a crash, increasing the risk of injury.

**SERVICE ACTION**

DO NOT DEMONSTRATE OR DELIVER any new in-stock vehicles involved in this compliance recall. A complete Dealer Bulletin will be provided to dealers the week of October 9, 2017 when it is anticipated that parts ordering information and repair instructions will be available to support this compliance recall.

**OWNER NOTIFICATION MAILING SCHEDULE**

Vehicle owners will be notified via first-class mail after repair instructions and parts ordering information have been provided to dealers.

**PLEASE NOTE:**

**Federal law requires dealers to complete this recall service before a new vehicle is delivered to the buyer or lessee. Violation of this requirement by a dealer could result in a civil penalty of up to \$21,000 per vehicle. Correct all vehicles in your new vehicle inventory before delivery.**
