

## Cheyenne Cargo Trailers

7501 West Ennis Ave.

Ennis, TX 75119

To All Cheyenne Cargo Trailer Dealers:

We recently filed a recall on all Cheyenne Cargo Trailers over 80 inches wide. (NHTSA Recall 17V-602).

These trailers failed to conform with Federal Motor Vehicle Safety Standard (FMVSS) 571.108 that states the side rear marker lamp on trailers wider than 80 inches must be located between 15 and 60 inches from the ground on the side of the trailer.

Cheyenne Trailers is in the process of sending recall letters to owners of all Cheyenne Cargo trailers over 80 inches wide. (A copy of the owner letter is attached)

Owners are directed to contact their dealers or C&M Trailers for remedy. If an owner of a Cheyenne Cargo trailer over 80 inches wide contacts you the remedy is as follows:

Side marker lights should be moved from the top rear corner of the trailer to the rear middle of the side as shown in the picture below.

Cheyenne Trailers will supply 2 lights for each side of the trailer and will reimburse dealers the cost of all labor to remove the old lights and install the new ones. Please contact us directly for lights and reimbursement. [CMTRL1995@aol.com](mailto:CMTRL1995@aol.com) or call us at C&M Trailers Customer Service, 866-412-9812.

It is a violation of Federal law for a dealer to deliver a new motor vehicle covered by this notification under a sale or lease until the defect or noncompliance is remedied.
