

New Safety Recall Advanced Communication – T79

FCA US LLC (FCA US) has announced a safety recall on certain
2009 through 2017 model year (DS) RAM 1500 Pickup
2010 through 2017 model year (DJ) RAM 2500 Pickup
2010 through 2017 model year (D2) RAM 3500 Pickup
2011 through 2017 model year (DD) RAM 3500 Chassis Cab
2016 through 2017 model year (DF) RAM 3500 10K GVWR Chassis Cab
2011 through 2017 model year (DP) RAM 4500/5500 Chassis Cab
equipped with a column shift automatic transmission. This safety recall does not affect
vehicles equipped with a rotary or floor shifter or manual transmission.

VINs identified as being involved in this campaign are currently live and searchable.
Stop sale is in effect for the above-identified vehicles.

IMPORTANT: Some of the involved vehicles may be in dealer new vehicle inventory. Federal law requires you to complete this recall service on these vehicles before retail delivery. Violation of this requirement by a dealer could result in a civil penalty of up to \$21,000 per vehicle. Involved vehicles can be determined by using the VIP inquiry process.

REASON FOR THIS SAFETY RECALL

Some of the above vehicles have a Brake Transmission Shift Interlock (BTSI) locking pin which may become stuck in the open position. A BTSI locking pin stuck in the open position may allow the transmission to be shifted out of PARK and to any gear position without depression of the brake pedal and/or without the key in the ignition, if a key is applicable. The ability to shift the transmission out of the PARK position without a key in the ignition or a brake pedal application, increases the potential for an unintended vehicle rollaway that may result in a vehicle crash or injury without prior warning.

SERVICE ACTION

FCA US will conduct a Voluntary Safety Recall on all affected vehicles. The remedy for this item is currently under development. Dealers will be notified of the launch of this safety recall by way of established communication methods.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries regarding involved vehicles.
