This Notice Applies To Your Vehicle, Vehicle Identification Number:

Dear Maserati Customer:

This notification is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Maserati S.p.A. and MNA have decided that a defect that relates to motor vehicle safety exists in model year 2014 and 2015 Maserati Quattroporte and Ghibli vehicles.

Maserati S.p.A. and MNA have determined that the above described vehicles were manufactured with fuel lines that may weep or leak fuel, as a result of an assembly process used by a supplier during fuel line production and assembly. Potential fuel leaks may occur at any location along the fuel line due to the introduction of foreign particles between the metal fuel line and plastic fuel line during the connection process (due to the supplier's insufficient cleaning process of the fuel line), causing scratches on the plastic fuel line portion. A weeping or leaking fuel line, over time can lead to a fire in the engine compartment or underneath the vehicle.

The proposed remedy is to install a new fuel line onto the affected vehicles. The remedy will be performed free of charge to the vehicle owner. Since your vehicle is among those that may be affected by the above condition, we ask you to contact any Authorized Maserati Dealer in order to arrange for this recall action to be performed to your automobile. The remedy may take a few hours to complete. Please prepare to leave your vehicle with the dealership to allow the dealer to complete your repairs. By the time you receive this recall notification letter, the Authorized Maserati Dealers will have been supplied with the necessary instructions and components to perform the recall.
