City, State Zip Code

This notice applies to your vehicle: VIN

Dear Owner,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Heartland RV (“Heartland”) has decided that certain Travel Trailers do not conform to 49 CFR Part 567 – Certification. And Federal Motor Vehicle Safety Standard 110. On the vehicles subject to this recall, the Federal Certification Label and Tire Placard may contain incorrect or missing information. We apologize for any inconvenience this action may cause you, however your safety and continued satisfaction are of the utmost importance to us.

Reason for this recall

It has been decided that the travel trailers subject to this recall campaign may have a Federal Certification label on these vehicles that may not have the Gross Vehicle Weight Rating (GVWR) listed on the label. If the GVWR is not listed, the operator would not know the trailer's weight limit and may overload the vehicle, increasing the risk of a crash.

What we will do

Heartland will have an authorized dealer or repair center replace the Federal Certification Label. This will be corrected at no expense to you, the owner. This recall should take 30 minutes to complete. We have enclosed the replacement label so that it can be replaced quickly.

What we need you to do

At your earliest convenience, Please contact your local dealer to set up an appointment to have this inspected and if needed corrected immediately, this service will be performed free of charge. You will need the following information for the phone call:

- VIN of your travel trailer
- Name, Address, and Phone Number
