IMPORTANT SAFETY RECALL

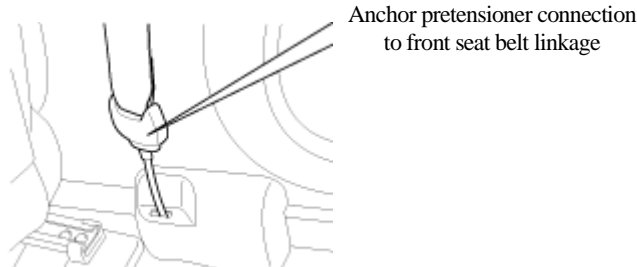

This notice applies to your vehicle, VIN: XXXXXXXXXXXXXXXXXXXX

Dear Hyundai Sonata owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2011 through 2014 Sonata vehicles produced beginning on December 11, 2009 through May 29, 2014. Our records indicate that you own or lease the vehicle identified by the VIN on this notice.

What is the problem?

- The front seat belts in the Hyundai Sonata incorporate a seat belt anchor pretensioner fastened to the vehicle's inner sill structure. If, during vehicle assembly, the connector does not fully latch when the linkage is pressed onto the connector, the seat belt can detach from the anchor pretensioner. If the seat belt linkage detaches from the anchor pretensioner in a collision, the risk of injury to the occupant is increased.

What will Hyundai do?

- Your Hyundai dealer will verify the connection between the seat belt linkage and the anchor pretensioner's cable connector for both front seat belts. This procedure will be performed at no charge to you. This is a simple inspection that can be performed in your dealer's service drive in less than 15 minutes. We recommend scheduling a service appointment to minimize inconvenience.

What should you do?

This is an important Safety Recall
