Dear Kia Niro Owner:

### **Kia has identified a defect in your vehicle which relates to motor vehicle safety**

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Kia Motors has decided that a defect which relates to motor vehicle safety exists in certain 2017 Kia Niro vehicles. The defect can cause the loss of power steering assist which would require higher steering effort, especially at low speeds, which may increase the risk of a crash. Our records indicate that you own or lease one of the potentially affected vehicles.

### **What Is The Problem?**

The Motor Driven Power Steering (MDPS) motor connector may have been damaged during assembly at the supplier preventing a proper connection to the electronic control unit. ### **Kia Will Replace the MDPS Motor At No Cost For Parts Or Labor To You.**
