Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler AG (DAG), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2017 C-Class, GLC-Class, and S-Class Mercedes-Benz vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

What is the CONCERN?

On certain Model Year 2017 C-Class, GLC-Class, and S-Class Mercedes-Benz vehicles, the driver and front passenger seatbelt pretensioners may not function properly in the event of a crash. If the front seat seatbelt pretensioners do not function properly, the seated occupants might not be adequately restrained in the event of a crash, increasing the risk of injury.

What will your DEALER DO?

An authorized Mercedes-Benz dealer will replace the driver and front passenger seatbelts on affected vehicles. This service will be provided free of charge. We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be up to 2 1/2 hours, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.

What should YOU DO?

For additional information and to schedule an appointment, please contact your preferred authorized Mercedes-Benz dealer at your earliest convenience. To locate authorized dealers see www.mbusa.com/recall. Please mention you are scheduling an appointment to replace the driver and front passenger seatbelts under Recall Campaign # 2017050025.

You may be asked for your 17-digit Vehicle Identification Number (VIN) which for your convenience is located above your name at the top of this letter.
