

OWNER NOTIFICATION

NHTSA RECALL 17V-268

Dear Nissan Titan Crew Cab owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain Model Year 2016-2017 Titan Crew Cab and Titan XD Crew Cab vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 201 "Occupant Protection in Interior Impact." Our records indicate that you own or lease a Nissan vehicle identified by the vehicle identification number ("VIN") inside this notice.

Reason for Recall

Motivo del Retiro

Certain Model Year 2016-2017 Titan Crew Cab and Titan XD Crew Cab vehicles may have been equipped with rear seat belt assemblies that may not comply with one of the requirements in the applicable regulation. Under certain accident scenarios, this condition may increase the risk of an injury to a rear seat occupant in a crash if the occupant's head were to impact the seat belt bolt trim cap.

What Nissan Will Do

Qué Hará Nissan

Owners of all potentially affected vehicles are asked take their vehicle to a Nissan dealer for a remedy. The dealer will apply energy absorbing material to the existing C-Pillar Finisher and replace the Seatbelt Bolt and Bolt Cap. This service, free for parts and labor, should take about an hour to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

What You Should Do
