Important Safety Recall

May 11, 2017

Due to a lack of reflectivity in the Hot Line Taillight used on the rear of the toy hauler models, 819, 820, 826, and 827 vehicles, Riverside RV is issuing a recall notice for the affected units. Below you will find detailed information,

Model: 819, 820, 826, and 827 vehicles

Manufactured Dates: January 1, 2016 thru April 1, 2017

Defect: Reflectivity Required by the DOT has not been met with the use of the installed taillights.

Enclosed you will find 2 DOT approved Reflective stickers, please place one sticker on each side of the bumper. After placing the reflective stickers on the units bumper, please sign and return the enclosed letter stating that you have in fact, placed the stickers on the recreational vehicle. This letter can be returned by mail or faxed back at 260-499-4511.

Below is a list of units that we show still at your sales center that are in need of the reflective stickers:

Vin	Model
59CTT19	819 Mt. McKinley

Thank you,

Mervin Lehman
Operations Manager
