**Subject: Compliance Recall 72G5 - Front Seat Head Restraint Non-Compliance
Certain 2016-2017 Model Year Volkswagen CC**

Dear Volkswagen Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Volkswagen has decided that the front seat head restraints in certain 2016-2017 model year Volkswagen CC vehicles fail to conform to federal regulatory requirements. Our records show that you are the owner of a vehicle affected by this action.

What is the issue? During vehicle production, non US-specification head restraints were installed in the front seats in affected vehicles. This makes the head restraints in these vehicles non-compliant with federal regulatory requirements. If the seat occupant's head is inadequately restrained in the event of a crash, they have an increased risk of injury.

What will we do? To correct this noncompliance, your authorized Volkswagen dealer will replace the front seat head restraints. This work will take about an hour to complete and will be performed for you free of charge.

What should you do? Please contact your authorized Volkswagen dealer without delay to schedule this recall repair. For your convenience, you can also visit www.vw.com and click on the "Owners" link to locate a dealer near you and schedule this service online.

Lease vehicles and address changes If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt. If you have changed your address or sold the vehicle, please fill out the enclosed prepaid Owner Reply card and mail it to us so we can update our records.
