Dear Audi Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Audi has decided that the brake light system in certain 2016-2017 model year Audi Q3 vehicles fails to conform to Federal Motor Vehicle Safety Standard number 108, "Lamps, Reflective Devices, and Associated Equipment." Our records show that you are the owner of a vehicle affected by this action.

- What is the issue?** If the parking brake is used during emergency braking, the brake lights on the vehicle will not activate. Following road users would be unaware of the emergency braking that is taking place, which could increase the risk of a rear-end crash causing injury and/or damage to property. This makes the vehicle non-compliant with regulatory requirements.
- What will we do?** To correct this noncompliance, your authorized Audi dealer will install updated software in your vehicle. This work will take about an hour to complete and will be performed for you free of charge.
- What should you do?** Please contact your authorized Audi dealer without delay to schedule this recall repair. For your convenience, you can also visit [www.audiusa.com](http://www.audiusa.com) and click on the "Find a Dealer" link to locate a dealer near you and schedule this service.
- Lease vehicles and address changes** If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt. If you have changed your address or sold the vehicle, please fill out the enclosed prepaid Owner Reply card and mail it to us so we can update our records.
- Can we assist you further?** If your authorized Audi dealer fails or is unable to complete this work free of charge within a reasonable time, please contact Audi Customer Experience at 1-800-253-2834 or via our "Contact Us" page at [www.audiusa.com](http://www.audiusa.com).
