Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain [2017 model year (MP) Jeep Compass] vehicles.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The User's Guide in your vehicle ^[1] contains incorrect information regarding the jump start procedure. The battery jumping section in the affected User's Guide depicts the battery terminals with reversed polarity in the battery terminal graphic. **When jump starting the vehicle following the User's Guide a possible electrical hazard may occur due to the incorrect terminal polarity graphic, increasing the risk of injury.**

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

We ask that you locate the vehicle's original User's Guide and replace it with the enclosed Second Edition User's Guide.

FCA will repair your vehicle ^[2] free of charge (parts and labor). If you prefer not to replace the User's Guide yourself, simply contact your dealer to schedule a service appointment. Replacement will only take a few minutes. However, additional time may be necessary depending on service schedules. This service will be provided free of charge. Please bring the enclosed User's Guide and this letter with you to your dealer.
