IMPORTANT SAFETY RECALL
NHTSA Recall Campaign # 17V-440

Dear Valued Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Jayco has determined that certain 2018 Jay Flight SLX Travel Trailers manufactured at the Idaho production facility, fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 110, "Tire selection and rims and motor home/recreation vehicle trailer load carrying capacity information for motor vehicles with a GVWR of 4,536 kilograms (10,000 pounds) or less".

Due to error when calculating the weight of the trailer, the affected travel trailers have incorrect information printed on the Cargo Carrying Capacity (CCC) Label and Canadian Weight Label. The weight of the water tank and water required in the calculation was omitted. This error creates a possibility that the vehicle could be loaded to the incorrect labels; and resulting in the vehicle being overloaded, exceeding the Gross Vehicle Weight Rating. Overloading may lead to issues with drivability and/or premature tire wear and tire failure, increasing the risk of personal injury or property damage.

The remedy is replacement of the current Federal Certification and Canadian Weight Label that will note the correct CCC of the unit. The corrected labels are included with this notification. You may replace the labels or you can take to your Jayco Dealer to perform this recall at no charge to you. If you choose to perform the call, please follow the included instructions and return the enclosed document to Jayco to confirm the repair has been completed. If you have had this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall.

If you choose to take your vehicle to a non-Jayco dealer, they must contact Jayco prior to making the recall repairs for proper authorization and instruction. Federal regulations require that any vehicle lessor receiving this notice must forward a copy of this notice to the lessee within **ten days**.

If you take your recreational vehicle to your dealer on the agreed service date and the dealer does not remedy this condition on that date or within three (3) days, please contact our Customer Service Department at 800-283-8267. If after contacting your dealer and Customer Service you are not able to have the safety defect remedied without charge and/or within a reasonable time, you may wish to submit a written complaint to the Administrator, national Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

We certainly regret this inconvenience; however your safety is our most important priority.

Sincerely,
Jayco Towable Division
