**Subject: Safety Recall 20AE – Fuel Pump Control Module
Certain 2006-2010 Model Year Volkswagen Passat/Passat Wagon &
2009-2016 Model Year Volkswagen CC**

Dear Volkswagen Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Volkswagen has decided that a defect, which relates to motor vehicle safety, exists in certain 2006-2010 model year Volkswagen Passat/Passat Wagon and 2009-2016 model year Volkswagen CC vehicles. Our records show that you are the owner of a vehicle affected by this action.

What is the issue? On certain vehicles, there could be an interruption in electrical power from the fuel pump control module. This could result in the fuel pump running continuously, resulting in a drained battery and/or a no start condition, or cause a loss of motive power while the vehicle is in motion, which could increase the risk of a crash causing injury and/or damage to property.

What will we do? To correct this defect, your authorized Volkswagen dealer will replace the fuel pump control module and relocate it within the vehicle. This work will take less than two hours to complete and will be performed for you free of charge.

What should you do? Please contact your authorized Volkswagen dealer without delay to schedule this recall repair. To set up an appointment online, please visit www.vw.com/find-a-dealer.

Please note: The entire rear seat must be accessible for this recall repair. Please remove all items from the rear seat prior to your appointment.

Lease vehicles and address changes If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt. If you have changed your address or sold the vehicle, please fill out the enclosed prepaid Owner Reply card and mail it to us so we can update our records.
