Dear «Owner_name»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Thor Motor Coach (TMC) has decided that a defect which relates to motor vehicle safety exists in certain model TMC motorhomes. As a result, TMC is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

***Reason for
this recall***

It has been decided that on certain TMC motorhomes subject to this recall campaign can have windshield wiper systems that can become loose after usage. Earlier this year, TMC issued a recall that covered the wiper system in your TMC motorhome which you had repaired. Since that time TMC has learned of several instances where the recall remedy was not satisfactory. Subsequently, TMC has implemented a new repair procedure and would like to inspect your vehicle again to make sure the wiper system is fixed correctly. If the windshield wiper system were to fail during use a driver's visibility of the road and surroundings could be severely reduced. This potentially could result in a crash. In the event of a crash, there is a potential for property damage, personal injury or death.

***What we
will do***

TMC has contacted your selling dealer and has instructed them on how to inspect the windshield wiper system with the updated repair procedure on your motorhome and repair if necessary. This will be done at no cost to you the owner. The remedy should take approximately 30 minutes to perform.

***What we need
