Recreational Vehicle Safety Recall Notice

Safety Recall: 17V-556

Safety Advisory: October 1, 2017

IMPORTANT SAFETY RECALL

This notice applies to your vehicle: «VIN»

«Owner_name»

«Street»

«City», «State» «Zip»

Dear «Owner_name»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. KZRV has decided that a defect which relates to motor vehicle safety exists in certain 2017 and 2018 Model Year KZRV Travel Trailers. As a result, KZRV is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

Reason for this recall

The vehicles subject to his recall were manufactured without the proper fuse in the awning light circuit. The required 2 amp fuse provided over current protection to the wire providing DC power to the awning lights. Without proper over current protection, in an overload condition the wiring could overheat and result in a fire.

What we will do

The remedy is to install the required fuse in the awning lighting circuit. The remedy should take approximately 30 minutes to complete.

What we need you to do

You should contact your selling dealer immediately to schedule a service appointment to have the defect repaired in your vehicle.
