NHTSA RECALL 17V-716

Dear Nissan Rogue owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain 2016 Model Year Rogue vehicles fail to conform to one of the requirements of Federal Motor Vehicle Safety Standards (FMVSS) No. 202(a); Head Restraint and FMVSS No. 207; Seating Systems. Our records indicate that you own or lease the Nissan vehicle identified by the VIN inside this notice.

Reason for Recall **Motivo del Retiro**

Due to a manufacturing issue at the supplier during the seat frame assembly process, the recliner mechanism of your front passenger seat may not comply with the head restraint and seating system regulations. As a result of this condition, occupants may be at an increased risk of injury in the event of a crash.

What Nissan Will Do **Qué Hará Nissan**

Owners of all potentially affected vehicles will be notified to take their vehicle to a Nissan dealer for repair. The dealer will replace the front passenger seat back assembly with a new one at no charge. This service, free for parts and labor, should take approximately one (1) hour to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.
