IMPORTANT SAFETY RECALL

See enclosed VIN list.

Subject: Brake Light Pressure Switches

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Trucks North America LLC (DTNA), on behalf of its Freightliner Trucks Division and wholly owned subsidiary Western Star Truck Sales, Inc., has decided that a defect which relates to motor vehicle safety exists on specific Freightliner Cascadia and Western Star 4700, 4900, 5700, and 6900 model vehicles manufactured March 27, 2007, through November 21, 2017.

On certain vehicles, after several hard brake applications, the brake light pressure switch may not activate the brake lights with a light application of the brake pedal. Brake lights not illuminating when the service brakes are applied would not signal to other motorists the intent of the driver to slow down, leading to an increased risk of a crash

The brake light pressure switch will be repaired.
