Safety Recall Notice 17C20 / NHTSA Recall 17V-775
Aviso de Revisión de Seguridad 17C20

2018 Expedition

Your Vehicle Identification Number (VIN):

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that your vehicle, with the VIN shown above, fails to conform to Federal Motor Vehicle Safety Standard (FMVSS) 202a Head Restraints, and/or 207 Seating Systems, and/or FMVSS 210 Seat Belt Assembly Anchorages.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue?

On your vehicle, an incorrectly located latch may allow the 2nd row outboard seats to be positioned forward of the intended position, which could result in improper occupant positioning. Additionally, these seats may have an improperly installed bolt that attaches the seat back to the seat base, which could result in inadequate seat retention.

What is the risk?

An inadequately retained seat and/or improperly positioned occupant may increase the risk of injury in a crash.

What will Ford and your dealer do?

Parts are now available to repair your vehicle. Ford Motor Company has authorized your dealer to verify proper operation of the 2nd row outboard latches, and if necessary, replace the seat frame assembly. They will also verify proper bolt installation and if necessary, remove and reinstall the bolt properly, free of charge (parts and labor).

How long will it take?

The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time. In addition, your vehicle will require an inspection to determine if parts need to be ordered.

What should you do?

Please call your dealer without delay and request a service date for Recall 17C20. Provide the dealer with your VIN, which is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

Ford Motor Company wants you to have this recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

NOTE: You can receive information about Recalls and Customer Satisfaction Programs through our FordPass App. The app can be downloaded through the App Store or Google Play. In addition there are other features such as reserving and paying for parking in certain locations and controlling certain functions on your vehicle (lock or unlock doors, remote start) if it is equipped to allow control.

Do you need a rental vehicle?

If your dealer determines that seat track replacement is required and needs your vehicle overnight, your dealer is authorized to provide a rental vehicle for your personal transportation at no charge (except for fuel and insurance) while your vehicle is at the dealership for repairs. Please see your dealer for guidelines and limitations.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.
