This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2018 Hyundai Santa Fe Sport vehicles manufactured at Hyundai Motor Manufacturing Alabama and Kia Motor Manufacturing Georgia from September 05, 2017 through November 30, 2017. Our records indicate that your vehicle falls within this production date range.

### What is the problem?

- The side curtain airbag inflator diffuser may not have been manufactured to specification and may detach from the inflator body during curtain airbag deployment. If the diffuser separates from the inflator body during a curtain airbag deployment, the airbag may not inflate properly during a crash, **increasing the risk of injury**.

### What will Hyundai do?

- Your Hyundai dealer will replace the side curtain airbags on your vehicle with a revised service part. This procedure will be performed for **FREE**. The actual time required to perform the procedure will take approximately 2 hours; therefore, we recommend scheduling a service appointment to minimize inconvenience.
