**What is the issue?** A head curtain airbag may not unfold properly from the A-pillar during deployment. In a crash where the head curtain airbag deploys, this may result in reduced airbag protection and could increase the risk of injury to vehicle occupants.

**What will we do?** To correct this noncompliance, your authorized Audi dealer will remove excess fabric from the head curtain airbags, along with the paper sleeve on the upper part of the A-pillar. This work will take less than one hour to complete and will be performed for you free of charge.

**What should you do?** Please contact your authorized Audi dealer without delay to schedule this recall repair. For your convenience, you can also visit [www.audiusa.com](http://www.audiusa.com) and click on the “Find a Dealer” link to locate a dealer near you and schedule this service.
