

## **SAFETY ADVISORY # 17-282**

### Cougar Resettable Breaker

Keystone RV Company is conducting a voluntary RECALL notification campaign in accordance with the National Traffic and Motor Vehicle Safety Act. It has been decided a manual resetting 12V breaker was substituted and cannot be used in an area that contains liquid propane storage. If this condition exists it will lead to an increased risk of fire, personal injury and property damage.

- Make:** 2017 Cougar Fifth Wheels  
**Models Included:** 326RDS, 327RKL, 333MKS, 336BHS, 359MBI  
**Serial Number Range:** H2508709 – H2508773  
**Parts Required:** 1pc - 104788 - Breaker - 12V 30A - Type 1 - Auto Reset - w/Brkt  
**Tools Required:** - 3/8" Wrench

**Note – Check serial number on Key Express to verify the recall is open. Some vehicles were repaired before they left Keystone.**

### **INSPECT AND REPAIR INSTRUCTIONS**

#### **Step 1**

Locate and inspect the resettable breakers tied directly to the battery. The second breaker inline from the battery is the suspect breaker. The incorrect breaker will have a black resettable button on the end as pictured in Figure 1.

#### **Step 2**

If an incorrect breaker is found, replace it by removing the wiring one terminal at a time using a 3/8" wrench. Keeping record of how it was originally wired, wire up the auto resettable breaker the same way as from the factory.

### **WARRANTY REIMBURSEMENT**

Submit the claim on Key Express using **Flat Rate Code # 7128242B** with **Safety Advisory # 17-282** noted in the customer complaint section of the form. The amount of time authorized for this repair is 0.5 hours.

Please call Customer Service at **(866) 273-1454** if you have any questions.
