

INSTRUCTIONS TO PERFORM RECALL CAMPAIGN 145

Models Affected:

- Certain 2014 - 2017 model year Winnebago View[®], Era[®], and Via[®] and Itasca Navion[®] and Reyo[®] motorhomes.
- These motorhomes were manufactured from May 28, 2014 through August 8, 2016.

Procedure:

- Locate the Axxess radio volume control module by removing the passenger side kick panel.
- Identify the module as shown in Photo A.
- Unplug the white six- (6-) position wire connector and remove both the module and the harness from the vehicle.
- Dispose of the module and harness.
- Reinstall the kick panel.
